

## 1 to 6 phase CT interface

### Features:

- A dedicated solution to multi phase high current applications
- 1 to 6 Channels supporting CT's up to 2000A DC+AC
- Isolated Channels : Reducing cross channel coupling
- High Quality DC Supplies : Ensuring measurement stability
- Simple connection to Power Analyzer

Compatible Transducers	LEM IT + ITN range
Burden Resistor	1Ω default 2/ 5 /10 ohm optional
Number of Phases	1 - 6
Accuracy	0.1%
Bandwidth	DC~2MHz (Depending upon Transducer)
Input Power supply	1 Phase 230Vrms ± 10% , 50~60Hz
Models	LEMS-1    1 Channel LEMS-2    2 Channel LEMS-3    3 Channel LEMS-4    4 Channel LEMS-5    5 Channel LEMS-6    6 Channel
